Chapter 1: Introduction

Dear Enthusiastic Resell Rights Marketer,

There are massive profits to be made on the Internet. Most of them revolve around the million dollar industry of selling information products in the form of E-books.

The reason why we have decided to release another book is to share our combined expertise in the resell rights arena and how we can help **YOU** to create runaway autopilot riches without chalking out a single word of your own in terms of product creation.

Before we jump-in, we must outline our reselling strategy with care. The journey of a thousand miles begins with the first step – so we must make sure we begin our first step in the right direction. Remember, our goal is financial freedom – achieving autopilot, recurring income long after you stop marketing.
