TYPES OF WOMEN

You must first find the right woman before you can strategize or plan to get her. True, there are loads of women out there and finding the right woman may not always be easy, especially in an era when the female gender is typically self - centered and “empowered” to exploit the male population.

You have to however sort for your possible mate among a list of available women. In sorting, seek for compatibility instead of physical appearance. The common error most men make is overlooking compatibility in favour of the physical appearance of the girl.

If you succeed in getting a lady that is attractive, that you are not compatible with, after a short while your relationship will be disastrous. So if you are searching for a serious relationship, a thorough filtering is expected.

The right women are out there, but the right women are becoming scarce in today’s world, so if you can find one of them, act fast, because every guy is looking for the right woman. Keep this in mind and keep your eyes open; she’ll come your way faster than you expect.
