

How I Made **\$1000** in 2 Days using the Power of Forums and Joint Ventures!

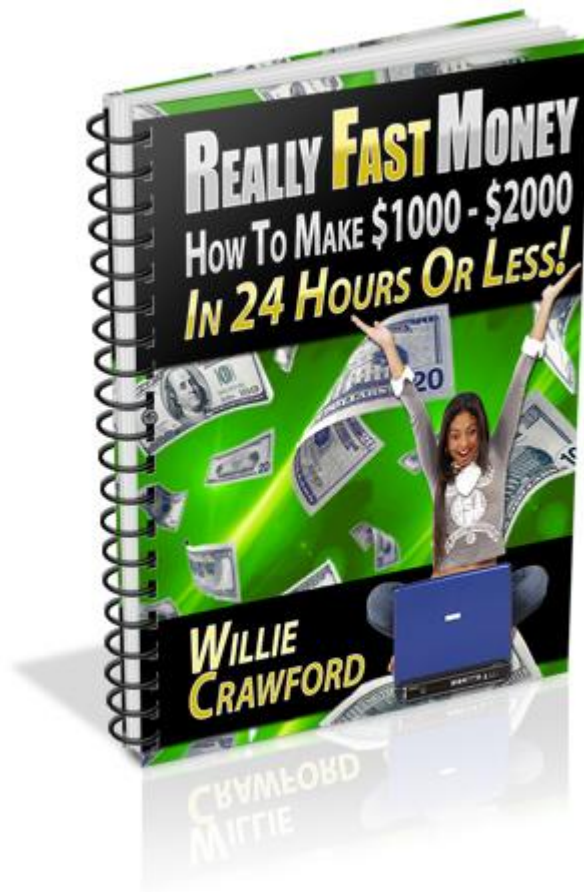

A Case Study By Robin Araoz Palmer

Dear Friend,

First of all I have to thank Willie Crawford for the excellent information he revealed in his report:

**“Really Fast Money -How To Make \$1000 - \$2000
In 24 Hours Or Less!”**

The intention of this report is not to replace the information explained in Willie's report, no, it is just to show that, what he teaches really work and that anyone could do it with a reasonable amount of effort. I am pretty sure I would have done \$1000 in 1 day or 24 hours as Willie teaches, if it wasn't for one big problem I had (I'll let you know what it was later...)

I am no marketing expert, I mainly work with graphic design, so, I think you should at least try it out... ☺

Anyway, I applied the information outlined in his report to my own business, and believe me, the principles will work.

I can not promise you that you will be able to make the same amount of money, but I can let you know what worked for me and how I did it.

Let's see it like a case study, applying what Willie teaches in his report:

First of all, I am not going to lie to you, the way I did it was to create a product that was of high quality, that people needs and then overdeliver.

How did I do it?

With 2 basic steps,

- 1) Using, the WSO (Warrior Special Offer) section of the warriors forum, if you don't already are a member of this forum, I recommend you to visit:
<http://www.warriorforum.com/forum>

2)Using the power of joint ventures, asking others to promote your product in exchange of a commission.

I am not personally a expert copywriter, but I did my best in getting the word out and putting the message on my salesletter, take a look at it [h e r e](#).

Now, like I said before, I am no expert, but I followed simple principles and it worked, and if you can follow these same simple strategies you will succeed.

Don ´t worry if everything is not perfect, there is always something you will make wrong, but if you never start you will never see any results, so I recommend you get started right away!

Now, you maybe think that \$1000 in 1 day isn ´t that much...but, hey, think about it for a moment, if you haven ´t made "any" money yet, I suggest you think about it, you have to start somewhere.

Now, the beautiful thing about all this is that, once you get the ball rolling, the visitors and the sales will keep coming and also the subscribers.

So what I did was to create a package of High Quality Graphic Templates, (it was more than 200 MB of graphic templates) and sell it cheap, in this case I sold it for \$5 dollars, and people thought I was crazy, anyway I let you be the judge of that... You can visit our site [h e r e](#)...
