[Your Little Tagline Or URL link can go here](#)

A promotional graphic with a blue sky background at the top and a green field at the bottom. The text 'Unadvertised Bonus!' is in large blue font, with '(\$97 Value)' in smaller blue font below it. On the left, there is a graphic of a book titled 'Cindy Battjes Daily Niche Idea' with a lightbulb icon, and a calendar page for Monday the 21st. Below the book is the name 'Michael Reeve' and the phone number '6102 9450 1327'. To the right of the book, the text '100% FREE Instant Access MUST HAVE Marketing Resource.' is written in white. Below this, it says 'Receive a new idea for each day, priceless tips, tools and statistics to EXPLODE your online business.' in white. At the bottom left, there are two bullet points: 'Instantly Receive Our Tools So That You Can Copy And Paste Your Way To Your Own Automated Niche Marketing Empire!' and 'We Will Even PAY YOU To Use Our Site!'. At the bottom right, there is an orange button with a lightbulb icon and the text 'Click Here For Free Instant Access'.

Just How Fast Can It Go?	8
Why Should I Consider Switching To A Cable Connection?	9
What Type Of Connection Is Right For Me?	11
Where To Find Your Cable Internet Service Provider	13

Brief Introduction

Within the pages of this guide, you will not see a lot of technical "mumbo-jumbo". The premise of this guide is to provide you with the information you need to make the decision on whether or not you want to switch over to a higher speed Internet connection. It is in no way meant to be a technical manual whatsoever, but rather a guide to help you reach a conclusion to your Internet access buying decision.

Three different types of "high speed" Internet access options will be covered here since there is more than just the cable type available. I wanted to be sure to lay out all these options before you so that you can make the best choice for you.

I do hope you enjoy this guide and learn more than you may already know about the benefits of having a high speed Internet connection.

Go Cable! and Super-Charge Your Internet Connection

You have just read the first pages of this ebook.

The full product includes the complete PDF, the editable source file, cover graphics and a private label rights licence. Edit it, put your name on it and sell it as your own.
